SURVIVOR OPTIONS

Only qualified recipients; such as your spouse, disabled child or dependent parent are entitled to monthly survivor benefits for life. If you have no qualified recipient who is eligible to receive lifetime survivor benefits, you must select the Life option below.

All pension benefits are guaranteed for ten years. Therefore, if you and your qualified recipient, if any, die within ten years of your retirement date, a benefit may be payable to your estate or to your designees. You may change your designee(s) by submitting a new form at any time. Under the Life option below, your children may be entitled to monthly benefits through the earlier of age 18 or the end of the ten year guarantee period.

If you have a qualified recipient who is eligible for a lifetime benefit:

- You may elect to receive a reduced pension that would, upon your death, pay your qualified recipient one half of the pension amount you were receiving for the rest of his or her life. This is the Joint and 50% or Joint and Half survivor option.
- If you have fifteen or more years of credited service or if you are an active employee who is retiring on or after reaching age 65, you may choose to receive a reduced pension benefit that would, upon your death, provide your qualified recipient with the same pension amount you were receiving for the rest of his or her life. This is the Joint and 100% or Joint and Full survivor option.
- You may not change your survivor option or your qualified recipient after retirement.

I (we if married) have read and understand the information provided above and make application for pension benefits provided under the Employees' Retirement Fund of the City of Dallas. I (we), in the presence of a Notary Public, have selected the survivor option circled below and signed directly below the option selected.
